

Your child will enjoy many extra activities, including field trips, the annual Christmas program, theme days, and many other exciting activities. Students are offered the opportunity for private music lessons, sports and other activities through the Community Education Program.

SJAS enjoys a good working relationship with the Foley Public School District. Qualifying students participate in Special Education, Title I, and Speech programs offered through the Foley Public School District. Students ride District buses to and from school.

“Some critics say we take only the best kids. In a sense we do. We believe every kid is a ‘best kid’ if you see in him or her the image of God.”

-Cardinal John O’Connor

Our Pre-Kindergarten program is for four and five year olds. We limit class size to 10 students for the ultimate learning experience. They meet on Tuesdays and Thursdays with a choice of morning or afternoon class.

St. John's Area School
Faith-filled Learning
Since 1963

SJAS has continued the tradition of Catholic Education which first started in the Benton County Area in 1890.

SJAS has a computer lab where students experience hands-on learning, at their appropriate grade level, reinforcing classroom concepts utilizing current technology.

Our Pre-Kindergarten program is for four and five year olds. We limit class size to 10 students for the ultimate learning experience. They meet on Tuesdays and Thursdays with a choice of morning or afternoon class.

A qualified and professional staff dedicates themselves to providing a safe and caring environment for students. Staff accomplishments include 30+ years of service in Catholic education, 3 Teacher of the Year awards (2001, 2004, 2007), 1 published writer and a NECA 2005 Distinguished Principal.

Service to others is fostered in the daily life at school and extended through service projects such as: Birthline (Central MN), The Cross Center (Foley), Tri-County Humane Society (St. Cloud), Gifts for Teens (Foley area), Kids Against Hunger, and many other service projects throughout the year.

“Quality education provides a sound basis for future achievements. Our graduates are routinely listed on high school honor rolls and in graduating Top 10 High School student rosters.”

Students experience the Catholic faith through Mass, daily prayers, sacraments, and planned religious curriculum.

Parents and families are the primary educators of their children and our goal is to establish an environment that supports you in the development of your child. As a Catholic school, our first goal is to help in the faith development of your child through regular religious instruction and participation in daily prayers and weekly Masses. We strongly believe in the education of the whole child while providing an environment that allows children to experience education in a positive way. SJAS believes small class size is important so we have limited enrollment for K-3rd grade to 22 students per class, while 4th - 6th grade are limited to 25 students per class.

Parents are encouraged to volunteer at school when/where they can and help with special events throughout the year. SJAS enjoys an open door policy; parents/guardians may call or visit the school office at any time with ideas, questions, or concerns. Your child is our priority.

Give a gift that lasts a lifetime!

“The heart of all education is rooted in love... Love is the heart of Catholic education.”
 -Bishop Sam G. Jacobs
